

SECOIA® 1400

Water-based bio-sourced alkyd

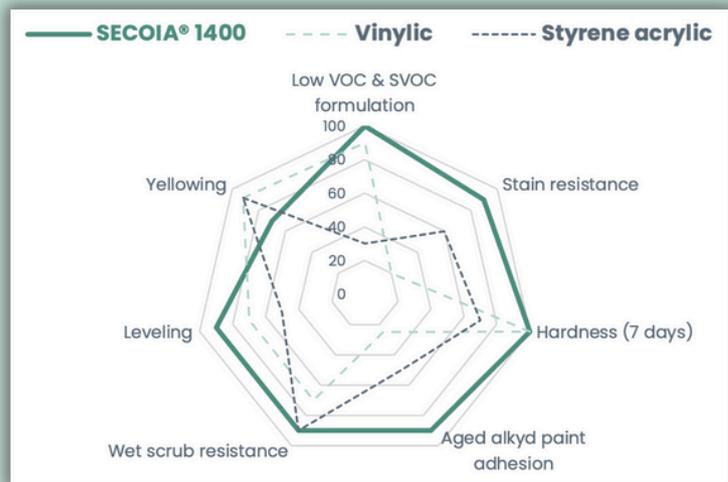

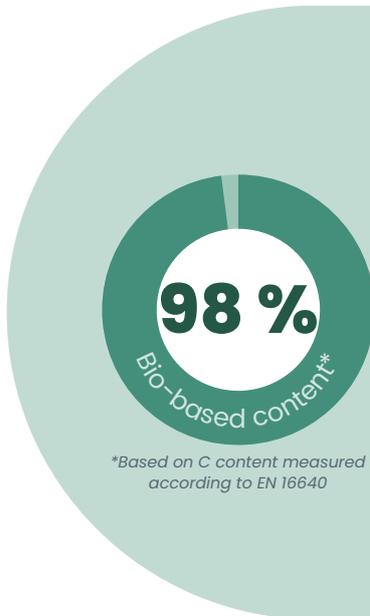

Decorative applications

Key benefits in paints:

- ✓ **LOW VOC / SVOC** (< 1 G/L) / **LOW SOLVENT EMISSIONS**
- ✓ **VERY GOOD APPLICABILITY** (ALKYD TOUCH)
- ✓ **CLASS I WET SCRUB** RESISTANCE
- ✓ **GOOD CHEMICAL / STAIN RESISTANCE**
- ✓ **LESS / NO COALESCENT NEEDED**
- ✓ **COMPATIBLE** WITH ALL TYPE OF AQUEOUS BINDERS

High performance binder:

★ Reduced carbon footprint:

Validated* in May 2022
Validation ID: **CDA022**

ecoat
Mitigates climate change with an impact reduction potentiel VS standard styrene acrylic of:

-1,7 kgCO₂eq
Per kg of product substituted

SECOIA® 1400 - alone or in a blend - reduces environmental impact (VOC & carbon footprint) without compromising performance.

*Carbon footprint (including biogenic carbon CO₂ storage effect) of Secoia® 1400 validated during European Innovation Council EIC-EIT Climate race to net-0 program
